DESIGNER LIST 2020

Pippa Paton
Founder & Design
Director
Pippa Paton Design

Pippa Paton Design is in its 15th year of designing personalised kitchens and bathrooms within whole house renovation projects, primarily in the Cotswolds. Paton's approach to designing kitchens and bathrooms is to treat them as integral, yet special spaces within a total project, ensuring they benefit from the deep

insight into the client. This ensures the resulting designs for these areas are both deeply personal and aesthetically holistic with the scheme for the home as a whole.
