No.3 Boot Rooms

[3] PIPPA PATON DESIGN

Cupboards finished in an easy-to-clean Fenix laminate provide streamlined storage for coats and outdoor gear in this Cotswold boot room by Pippa Paton. The built-in bench, with a colour-matched, wipeable leather cushion, is high enough for wellies to fit underneath it, while tumbled-edge limestone makes a robust flooring choice. pippapatondesign.co.uk | fenixforinteriors.com
